**REQUEST FOR CORRECTION OF INVENTORSHIP**  
**PURSUANT TO 37 C.F.R. §1.48(B)**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir or Madam:

This paper is being filed to correct the listed inventors named in this application. Although the inventorship was properly listed upon filing, the cancellation of claims requires that fewer than all of these named inventors be listed as actual inventors on the remaining claimed subject matter.

The following two named inventors are to be deleted:

William G. Clark, and  
Robert L. Maynard.

The remaining inventors are properly listed.

Pursuant to 37 C.F.R. §1.48(B), the below-signed, duly appointed representative acknowledges that the subject matter invented by these two individuals (Clark and Maynard) is no longer being claimed in this application.

The processing fee set forth in 35 C.F.R. §1.17(i) is included herewith. No additional fees are deemed necessary. However, if the Commissioner determines that

additional fees are required, the Commissioner is authorized to debit such fees from the Deposit Account No. 13-2855.

An assignment from the corrected inventive entity is being filed today. A copy of that assignment is attached hereto.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN

**ASSIGNMENT**

Serial No: 09/930,929

Filed: August 16, 2001

Title: Method of Index Trimming a Waveguide and Apparatus Formed of the Same

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned hereby assign to, Translume, Inc., a Michigan corporation, 755 Phoenix Drive, Ann Arbor, Michigan 48108, (hereinafter "assignee"), its successors and assigns, the entire right, title and interest in the invention or improvements of the undersigned disclosed in an application for Letters Patent of the United States, executed by the undersigned on the below-identified dates, and in said application and any and all other applications, both United States and foreign, which the undersigned may file, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States and foreign countries, which may be obtained on any of said applications, and in any reissue or extension thereof.

The undersigned hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patent to said assignee.

The undersigned warrant themselves to be the owners of the interest herein assigned and to have the right to make this assignment and further warrant that there are no outstanding prior assignments, licenses, or other rights in the interest herein assigned.

For said consideration the undersigned hereby agree, upon the request and at the expense of said assignee, its successors and assigns, to execute any and all divisional, continuation, continuation-in-part and substitute applications for said invention or improvements, and any necessary oath or affidavit relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application, and any and all applications and other documents for Letters Patent in foreign countries on said invention or improvements, that said assignee, its successors or assigns, may deem necessary or expedient, and for said consideration the undersigned further agree upon the request of said assignee, its successors or assigns, in the event of any application or Letters Patent assigned herein becoming involved in Interference, to cooperate to the best of the ability of the undersigned with said assignee, its successors or assigns, in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof, the undersigned hereby agreeing to perform, upon request, any and all affirmative acts to obtain said Letters Patent, both United States and foreign, and vest all rights therein hereby conveyed in said assignee, its successors and assigns, whereby said Letters Patent will be held and enjoyed by said assignee, its successors and assigns, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment and sale had not been made.
